11 January 2024

Dear Muhammad Rayan Asim

Thank you for your enquiry, which we have raised as a Freedom of Information request.

Can you tell me does I can take the learner award of add math 4037form pakistan and where does the ceremony will held.

I can confirm that Pakistan does include O Level Outstanding Cambridge Learner Awards in Cambridge O Level Mathematics - Additional (4037), across all four award types. Providing you are a candidate from an eligible centre within the country/region, and have met the criteria for the different award categories shared in the [FAQs](#) document, then you are eligible for an award.

We will announce the June 2023 Outstanding Cambridge Learner Award winners for Pakistan in January 2024. We intend to hold an Awards ceremony in January 2024; therefore, we encourage you to keep in contact with the school or centre where you sat your exams, so they can inform you if you are an Award winner.

We publish country related release dates for the Awards on [this page](#) of our website which has been updated to reflect the updated dates in case you need to look for this information in the future.

I hope this information is useful.

If you are unhappy with the response you have received in relation to your information request, you have the right to ask us to conduct an internal review of this decision by contacting Catie Sheret, General Counsel of Cambridge University Press & Assessment, within two months of the date of this response, and should be addressed as follows: The Triangle Building, Shaftesbury Road, Cambridge, CB2 8EA, United Kingdom or send an email marked for her attention to foi@cambridge.org. Complainants have the right to complain directly to the Information Commissioner if they are dissatisfied with the outcome of the internal review.

Yours sincerely
